

DANSEAL A/S

KIRSTINEHØJ 38 C – DK-2770 KASTRUP – TLF.: 32527100

The advertisement features a central image of an open aluminum carrying case filled with various sizes of stainless steel shims. To the right, the closed case is shown with the 'STEELSHIM' logo and a stylized ship icon. Below the case, several individual shims are displayed in a row. The background is a light yellow with teal accents. The text 'STEELSHIM' is prominently displayed in a large, bold, white font with a teal outline, with the tagline 'Solid, stainless steel shims' underneath. On the right side, the text 'For shipbuilding and industry' is written vertically.

STEELSHIM
Solid, stainless steel shims

For shipbuilding and industry

CHESTERTON GORE-TEX® Grafoil® FRENZELIT

The solid, stainless steel Steelshim® shims are invaluable when aligning machinery. Cutting your own shims is time consuming and carries a risk of injury. They come in a range of sizes and thicknesses and, for convenience, are packed in a handy suitcase. They are thus readily available for the next alignment job.

Steelshim® are solid stainless steel shims produced of AISI 301 (1.4310), DIN 59381, DIN 17441 and AISI 304 (1.4301), DIN 59382, DIN 17441 and are supplied in packages of each 20 pieces.
